**TO WHOMSOEVER IT MAY CONCERN,**

This letter is to serve as my formal recommendation for **Dr. Sandeep KM**.

As the chief joint replacement surgeon and program director for Arthroplasty fellowship, I have known him for the last 6 months. It gives me immense pleasure to write about him. He underwent his Arthroplasty Fellowship (DePuy Synthes certified Arthroplasty Fellowship) from 1<sup>st</sup> March, 2016 to 31<sup>st</sup> August, 2016 under my supervision. Ours is one of the largest specialized arthroplasty units in India.

**Dr. Sandeep KM** is sincere and hard working. His clinical acumen and decision making is sound and are based on good principles in practice. He is a competent surgeon and his surgical skills are satisfactory.

During his tenure with me, he assisted around 500 knee replacements and 70 hip replacement surgeries including simple, complex primaries and revisions. He has performed knee replacement surgeries under my supervision. I am confident that he is competent enough to perform total knee and hip replacement surgeries independently.

He has been extremely active in conducting research in our hospital. He has played a vital role in planning and execution of 4 studies which are currently underway.

He has got good clinical skills and co-operates well with colleagues and staff. His bedside manner is pleasant and he has received special mention in feedback from several patients. I have no hesitation in recommending him for a suitable position as an arthroplasty surgeon in any institute. He is a valuable asset. Please feel free to contact me regarding **Dr. Sandeep KM** for any queries for this recommendation.

I wish him all the success for future endeavors.
