**Welcome to the workshop on Rhinoplasty
& Facial Aesthetic surgery**

Dear friends and colleagues, it is our privilege to invite you all for a first of its kind rhinofacial aesthetic surgery workshop being conducted by the department of ENT- head and neck surgery at Rajarajeshwari medical college hospital, Bangalore on Sunday, 9th October, 2011.

The subspecialty of facial plastic surgery encompasses a wide array of surgeries beyond rhinoplasty. With better understanding of regional anatomy, and advances in science an otorhinolaryngologist stands to gain from developing this subspecialty.

With the hope of introducing the subspecialty to the ENT faculty in Bangalore, we have invited Dr. Ullas Raghavan, FRCS (ORL-HNS), renowned consultant -Rhinology and Facial Plastic Surgery from United kingdom. He has received higher surgical training at Queen's medical centre, Nottingham, Derby Royal Infirmary and Leicester Royal Infirmary. He has a fellowship from the European Academy of Facial Plastic Surgery and received advanced specialist training as a clinical fellow in facial plastic and cosmetic surgery from renowned centers in France, Germany, Switzerland, Netherlands . As part of the fellowship he passed the examination conducted by the American Board of Facial Plastic and Reconstructive surgery in 2005 as an European candidate.

On behalf of the Rajarajeshwari group of institutions, we shall be glad to welcome you all to indulge in an academic treat with us

Sincerely ,

DR.NAGARAJ T.M
Organizing Chairman
